

Family and History

West Vancouver has been my family's home since the early 1920s, when my great grandfather, Henry Stone, moved his family to Olde Caulfeild. He designed St. Francis-in-the-Wood church, founded the Vancouver Art Gallery, and commissioned a stained glass window in memory of his son who died in active service in 1918. This window was then donated to the West Vancouver Memorial Library.

My mother, was a sculptor, skier, built a cabin on Hollyburn mountain, and built the Diamond Head Chalet in Garibaldi Park in the 1940s. My father still lives in the house that my parents built in Horseshoe Bay in 1958.

I now live in Ambleside with my husband and our two children.

Education

Bachelor of Laws, Dalhousie University, Halifax

Diploma, Counselling Psychology, UBC

Teaching Certificate, UBC

Bachelor of Science, UBC

Graduate of West Vancouver Secondary and Gleneagles Elementary

Career

Early in my career I enjoyed work as a secondary school science teacher in West Vancouver and also owned my own education business. I have since worked abroad, as a teacher and lawyer, and have spent much of my career working in the non-profit sector; as a Project Manager for the Law Courts Education Society of BC, and Executive Director of the Canadian Breast Cancer Network in Ottawa.

I have managed many multi-year projects funded by public tax dollars from federal and provincial ministries, and I ensured that these projects all came in on-time and on-budget. I have chaired several national and provincial committees, where staff, stakeholders and volunteers worked together to implement successful projects. I have often evaluated and monitored budgets, staff, and project objectives to ensure that outcomes were met effectively.

Community Service

Much of my life has been devoted to public service. I have served on committees and working groups in West Vancouver and elsewhere for more than 26 years, including:

- Seniors Centre Advisory Board (2014-present)
- WV Chamber of Commerce (2014-present)
- Community Grants Committee (2012-present)
- Municipal Awards Committee (2012-2014)
- Invasive Plants Working Group (2013-2014)
- North Shore Youth Court & Family Justice Committee (2012-2014)
- Director, West Vancouver Streamkeeper Society (2010-2011)
- Co-Chair, Climate Action Working Group (2009-2010)
- WV Environmental Strategy Working Group (2007-2008)
- WV Parks and Environment Advisory Committee (2003-2006)
- WV Community Days Committee (10 years between 1985-2001)
- Ottawa-Carleton Environmental Health Advisory Committee (1998-1999)
- Vice-President, Dalhousie Law School Student Society (1992-1993)

My West Vancouver includes people of all ages and interests!

My candidacy is not financed or supported by special-interest groups or individuals. As such, my thoughts and voting practices as a Councillor are independent.

VOTE on Saturday, November 15th

GAMBIOLI, Nora

Policy Areas of Interest

✓ Ensure thoughtful development of land and infrastructure

- Encourage distinct neighbourhoods
 - define and preserve neighbourhood identities
 - promote diverse housing options
- Create village centres that include residential, business, services, and active transportation
 - support small-scale, locally-owned businesses
 - encourage housing availability in these centres
- Contain urban sprawl on undeveloped land

✓ Protect and restore our natural environment

- Preserve green space, natural features and environmentally sensitive areas
- Implement new *Invasive Plants Strategy 2014*
- Decrease GHG emissions as per the *Community Climate Action Plan 2010*
 - further implement the *Strategic Transportation Plan 2010*
 - support the new Community Energy & Emissions Working Group
- Complete further improvements to the foreshore, streams and forests to improve wildlife habitat

✓ Maximize value and services for tax dollars

- Practice conservative financial management and realistic budgeting
- Effect prudent decisions on municipal spending
- Evaluate service demand and delivery and then realign resources
- Lobby federal & provincial governments to provide infrastructure funding

✓ Encourage a strong sense of community for residents of all ages

- Support arts, culture, athletics, and a variety of recreational amenities
- Work with the school board and preschools to activate and involve youth
- Communicate municipal initiatives and community achievements

How to support my campaign

- ☺ Encourage your West Vancouver friends and family to vote, and vote for me!
- ☺ Put up one of my lawn signs
- ☺ Donate to my campaign
